To Whom It May Concern:

It is a pleasure to write this letter of recommendation for the Platt Brothers' program. We recently contracted to have them perform at our school, Rita Cannan, in Reno, Nevada. The program was so exceptional that I watched both performances.

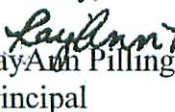

Cy and Boone Platt are extremely talented, and they both know how to work an audience. Our students were so captivated that they sat mesmerized throughout the entire show. One of my favorite parts of the show is where the Platt Brothers have the students use their imagination while they act out skits. They did one where they pretended to be dinosaurs. The children were so entranced that they reacted in the audience like there were real dinosaurs in our cafeteria.

The Platt Brothers are able to tailor their show to audiences of different ages. The interaction between these performers and our students looked very different with our two different age groups of children. Both Cy and Boone are natural teachers and the way they work with students is amazing. They can take any answer given by a student in the audience and turn it into a positive for that student who was willing to take a chance and share. This performance was entertaining, but more importantly it taught a valuable lesson to our children about the importance of using their imagination and reaching their goals.

I can whole-heartedly recommend this program. The Platt Brothers are high-energy, multi-talented, young men who send the right message to our children. Their performance is funny and interactive. Every person in the audience, adults included, was completely engaged – laughing, dancing, and learning.

It is my pleasure to have this opportunity to recommend this program to other student groups. If you would like more information about our experience at Rita Cannan, please contact me.

Sincerely,
